

Indian Institute of Information Technology (IIIT) Sonapat

Established in the year 2014-15, by an Act of Parliament (23 of 2017 dated 09th Aug, 2017 under clause 18(f)) the Indian Institute of Information Technology (IIIT) Sonapat is an Institute of National Importance created by the MHRD, Government of India in the Public Private Partnership (PPP) model. Besides the Govt. of India, the other partners in the organization are the Govt. of Haryana and two Industry partners i.e. Haryana State Industrial and Infrastructure Development Corporation (HSIIDC) and Haryana State Electronics Development Corporation Limited (HARTRON). The policy control of the Institute is with the Governing Body headed by the Secretary, MHRD, Govt. of India (GOI). Thus far, it was being mentored by National Institute of Technology (NIT), Kurukshetra and its classes were being run in the campus of NIT at Kurukshetra.

For the initial four years, Director, NIT Kurukshetra had been the Mentor Director for the Academic, Financial and Administrative functions of the Institute. Three B.Tech. Programmes- Computer Science & Engg. (CSE), Electronics and Communication (ECE) and Information Technology (IT) were introduced. The first batch of graduating students was awarded the B.Tech. Degree on 16th convocation of NIT Kurukshetra held during November 2018.

Prof. M. N. Doja subsequently assumed the charge as the founder Director of Indian Institute of Information Technology (IIIT), Sonapat.

From 2019 onwards, the batches have been shifted to Techno Park IIT Delhi, Sonapat Campus, which is close to IIIT Sonapat campus at Kilorad, Sonapat under development. With the expansion of the Institute along with increasing strength of students, an additional campus has been arranged at Chandrawati Trust (SBIT) for smooth conduct of the academic activities.

During the session 2019-20, admission process was conducted for two branches of engineering i.e. CSE & IT with an intake of 60 students. The intake strength in CSE was increased to 120 w.e.f. the academic Session 2021-22. The Institute has started Ph.D programme and has got an approval for starting M.Tech and MBA programme. The total strength of students in the institute expected to be 600.

A large number of reputed companies are regularly visiting IIIT Sonapat Campus for placement of graduating students. These include Amazon, Deloitte and Shipy. Besides several other reputed core companies keep on visiting IIIT Campus for recruitment. All the recruiters appreciated various activities of the placement cell and skill set of the students. They all have been very satisfied with their interaction with the students and all the faculty, and their overall experience of recruitment process.

The students of IIIT Sonapat keep on participating in various programming fests and events and have brought laurels to the Institute. Our students are the winner of the grand finale of the SMARTINDIA HACKATHAON 2022, SIH Senior Software Edition held at Parul University. The event had a cash award of rupees one lakh.

The permanent campus of the Institute is to come up on a 50-acre piece of land awarded by the State Government in village Kilorad of Distt. Sonapat.

The Institute is continuously striving to strengthen the civil and digital infrastructure, academic units, research and development facilities, and other amenities for ensuring the quality education and research.
